

**ANTITRUST COMPLIANCE STATEMENT ISSUED BY THE  
BOARD OF DIRECTORS OF DRAGADOS, S.A.**

Following the update and improvement of Dragados Group's Compliance Program, the Board of Directors of Dragados Group hereby DECLARES:

That compliance with regulations and, in particular, observance of and respect for Spanish, EU and international antitrust regulations is one of the pillars on which Dragados Group as a whole and all its employees and collaborators base their daily work.

That the members of this Board of Directors, as well as the entire senior management of Dragados, S.A. and its subsidiaries, are particularly committed to fostering a culture of regulatory compliance throughout Dragados Group, thus promoting free, fair and honest competition, based entirely on the merits of the work carried out daily by all members of the organization.

That the company, well aware that for our Compliance Program to be successful, all members of the organization must be sensitized and trained, will ensure training that is adequate, continuous and adjusted to the degree of exposure to competition risks of the different groups that make up Dragados Group. Only thus can the same degree of commitment be consistently demanded from third parties with which the different companies of the Group interact. This Board understands the importance of raising awareness among the members of the organization about the values of free competition in order to ensure success of our Compliance Program.
